**ENDGRAIN DELIGHT**

The image shows a close-up of a wood grain pattern, specifically an endgrain. The pattern consists of numerous concentric, slightly wavy rings of varying shades of brown, ranging from light tan to dark brown. The rings are centered in the upper half of the image and spread out towards the bottom. There are some fine, dark lines and imperfections visible within the wood grain, particularly a prominent horizontal line near the center.

**69**

**ENDGRAIN CLASSIC**

The background of the entire page is a close-up, vertical view of a light-colored wood grain, showing natural variations in tone and texture.
